

MonoBehaviour

```
graph BT; Grab[Grab] --> Ragdoll[Ragdoll]; Ragdoll --> MonoBehaviour[MonoBehaviour];
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'MonoBehaviour'. Below it is a box labeled 'Ragdoll', with a blue arrow pointing from 'Ragdoll' up to 'MonoBehaviour'. Below 'Ragdoll' is a box labeled 'Grab', with a blue arrow pointing from 'Grab' up to 'Ragdoll'. The 'Grab' box has a gray background, while the others are white.
